FOREWORD

Once again it is my privilege to express our heartfelt thanks for your many valued orders and kind comments on the quality of the blooms received from our bulbs. It is pleasing to know that our efforts which are aimed at satisfied customers are meeting with such success. We are always glad to hear from you — your words of praise are one of the main satisfactions of being in business. But if in any way you are not satisfied, we are most anxious to know that too — only then are we able to rectify our short comings and give you full satisfaction.

This past summer was one of the wettest and coolest we can remember, resulting in a fine crop of bulbs although not as many large sizes as usual. We believe that there will be a shortage of large bulbs this spring so early ordering is advised.

We have added more than the usual number of new varieties to our list and believe that they are improvements on existing varieties. These are selected from the hundreds of varieties grown in our trial gardens from which only a comparatively few are chosen. We do not claim to grow all of the meritorious varieties, but we feel sure that our catalog contains a most comprehensive listing of exhibition winners, the most popular commercials, and the most promising novelties for the home gardener. Our motto has always been — only the best is good enough.

Sincerely,

ARTHUR ARENIUS

Please Read Carefully Before Ordering

TERMS FOR ORDERING — All orders are cash with order or, 25% down payment, balance C.O.D. All C.O.D. orders require down payment. All orders from the retail list will be sent postage prepaid. Orders from the wholesale list will be F.O.B., Springfield, Mass. If bulbs from both lists are ordered they will be sent F.O.B. and we will include enough extra bulbs to more than offset the express charges. All orders accepted subject to prior sale.

Orders for bulblets cannot be accepted after April 15th, for small bulb sizes (4, 5 & 6) after May 1st, and for large bulbs after June 15th. Orders for assortments can be accepted until July 1st.

DISCOUNTS — On all cash orders from the retail descriptive list — \$5.00 to \$10.00 — you may select 10% discount in bulbs of your own choice. \$10.00 to \$20.00 — you may select 15% discount in bulbs of your own choice. Over \$20.00 — you may select 20% discount in bulbs of your own choice.

Discounts do not apply to new introductions, collections, or wholesale prices

On cash orders from the wholesale list — 5% discount on orders from \$25.00 to \$100. 10% discount on orders over \$100.00.

EXTRAS and OVERCOUNT — We give extras with all orders varying with the size of the order. Just mention some of the varieties you would like to buy and we will do our best to please you. We are noted for generous overcount of number, quality, and size.

GUARANTEE — We guarantee satisfaction in every way possible. We attempt to send out only clean, healthy, true to name stock, and if in any way you are not satisfied let us know immediately and we will do our utmost to please you. Also if you are pleased we are always glad to hear from you.

SHIPPING DATES — Unless otherwise requested retail orders will be sent out between March 15 and April 15 in the order received. Wholesale orders will be shipped out as soon as possible after receiving them. *Order early so as to be sure we are not sold out of the varieties you want.* This also gives us more time to fill your order with less chance of error and less overtime.

BULB SIZES — The retail list contains three sizes —

Large, 1 $\frac{1}{4}$ " up

Medium, $\frac{3}{4}$ " - 1 $\frac{1}{4}$ "

Small, $\frac{3}{8}$ " - $\frac{3}{4}$ "

Large size bulbs give the largest bloom. However, medium sized bulbs will give excellent spikes about 75% as large. Most small bulbs will bloom and at the same time grow fine bulbs for the following year.

VARIETY LISTING — In the descriptive list the variety name is given first, followed by the originator's name, its show classification and the approximate number of days needed for it to bloom. We have attempted to give a description of the varieties as we see them, listing important faults as well as good points.

Favorites of 1958

Here are eight lists of varieties representing each person's favorites as they saw them last year. The first lists are the favorites among the recent introductions while the second lists are the favorites among the standard low priced varieties. Mrs. Arenius and Helen (Mrs. Art, Jr.) both have seen all the varieties in our field as well as at many shows so are well qualified to comment. They have the added advantage of liking a glad because to them it is the most beautiful without the influence of statistics such as size, number open, number of buds, height, etc.

Reports from our customers —

From Scarboro, Me: —

All my glad bulbs have been bought from you for over 25 years. They have always been of the best, clean, and more than generous count. Mrs. A. F. W.

From Westerly, R. I.

I just do not see how you can afford to give so many bulbs in extra count and the other "extras" have me "floored." I appreciate your generosity more than I can say, and I shall think of Arenius gratefully all summer long. Mrs. A. G. O.

From Stoughton, Mass.:

My family has purchased bulbs from you for many years, and they are the best bulbs that can be obtained. Your bulbs are always healthy and clean. Mr. H. C.

For the Commercial Grower

We are frequently asked what we consider the best varieties to grow for commercial cut flower use. Although growers vary considerably as to what is best we feel that the glads listed below are among the better ones and they are the ones we like to grow ourselves. Certainly they can be grown with the knowledge that your cut flowers will be among the finest available.

From Naugatuck, Conn.: —

The bulbs arrived safely, the same fine bulbs and generous overcount and extras as usual. I don't know how you do it. Mrs. C. S. M.

From Plymouth, N. H.: —

Love your glads, the finest and most beautiful I have ever grown. Am so pleased I found your company! Mrs. L. E. M., Jr.

From Amherst, Ohio: —

Thank you so much! I have bought bulbs from other growers but none were as fine and as clean as your bulbs. Mr. E. N.

From Kingston, Wash.: —

Many, many thanks for your generosity and the pleasure I am going to have this summer. To say I am amazed at the number of extra count and bonus bulbs is putting it mildly. Especially when my order was not a large one. Mrs. J. D. P.

From Covina, Calif.: —

May I thank you for the many fine extras as well as the generous over-size and over-count? I shall be saving my money for a larger order with you next year. Mrs. J. J. W.

From Dryden, Mich.: —

Many, many thanks for one of the swellest lots of bulbs I ever received from any source in all my growing years which incidentally began in 1922. You have always been so very generous in your overcount and especially so this year. Mr. W. J. D.

Appraising the New Ones

This past summer we were blessed with a generous quantity of rainfall that resulted in wonderful field growth. As a result we were able to evaluate the new varieties at their very best and pick out many fine new ones for our list. These we feel are fine additions and will rate among the leading gladiolus of tomorrow.

An outstanding new addition to the white glads this year is our own **GLACIER**, which we think is the best all round white we have ever grown.

Other fine white glads are **SNOW VELVET**, **ICE FOLLIES**, and **PEGGY WHITE** all top contenders on the show table along with the older **SNOW CLAD**, **FLORENCE NIGHTINGALE**, and **SIERRA SNOW** fine cut flowers as well. **SILVER PHANTOM**, the pure white sport of **PHANTOM BEAUTY**, is a good one in every respect while **SNOWDRIFT**, **ROXANA**, and **LARCHMONT** are the most ruffled of this group.

The whites with conspicuous throats have many fine varieties such as **WHITE SAILS**, the grand champion contender as well as a good cut flower, **SHOT** the most boldly blotched, and **SPARKLING EYES** the purple throated beauty. Also good are dependable **WHITE TOWER**, formal **QUEEN ANNE**, and the delightful little spikes of **QUEENS PAGE**.

In the new green class are **GREEN ICE** a delicate shade of pale green on tall straight spikes and **CHARTREUSE** a greenish yellow that is very popular. Also of note are the green toned varieties **ERIN**, **GREENLAND**, and **LARGO** although they are not officially classified in this group.

Our own **YELLOW SPIRE** has already gained the reputation of being a topnotch exhibition variety in the light yellow class and should give stiff competition to **PROSPECTOR** the present leader. Chartreuse toned **LARGO** and massive amber toned **GARY** are two of our favorite varieties. Fine cut flower varieties are tall and stately **HOWARD V. WRIGHT**, ruffled and greenish **GOLD BANK** and **PEACELIGHT**.

Tall and stately **GOLDEN SUNSHINE** continues to give us 5' spikes with 8-9 open florets of rich deep yellow. **CORONADO** is one of our finest cut flowers along with **FORT KNOX** a favorite with our florists, and yellow and red **CONRAD** a fine replacement for the older **SPOTLIGHT**. **CATHERINE BEATH** has the most intense color of the deep yellow glads while **L'L ABNER** is a favorite of the miniature fans.

Smooth colored **VIVA** is one of our best spikemakers and is giving stiff competition to giant sized **A. B. COUTTS** and **PATROL**, the present leader of the buff colored glads. Also fine are two toned **GOLDEN PALOMINO** and **PACTOLUS**, a topnotch early cut flower.

The orange colored glads present a dazzling array of color with **FORTUNE** the brightest of them all and a good spikemaker as well. Gayly colored **CABELLERO** is one of the most striking of all glads along with deep toned **TIGERTONE** a medium sized eyecatcher. **REGINA** continues to be one of our favorites while **FIESTA** always draws attention in the field.

A grand addition to the light salmon glads is the gorgeously ruffled **BERMUDA** a fine addition to the others such as cleaned toned and reliable **CARMEN CORLISS** and **DELIGHT**, another ruffled beauty. Of note are the two fine butterfly type varieties **FEMINA** and **ATTICA**. On the show table **VISION** now leads this class with its many open florets and long flowerheads.

SALMON QUEEN is now the leader of the deep salmon class and seems destined to become one of the all time great glads. Other fine ones in this group are **KOSMOS**, the widely heralded Holland variety with up to 10 open florets, **STARFIRE**, the striking novelty, **SALLY ROSE**, with its distinctive color and fine exhibition type spikes, and **MINARET**, a beautiful glad with tall easy to cut spikes. Most unusual is the salmon and yellow combination of **BOISE BELLE**, a fine exhibition variety and **CORAL ACE**, the ruffled coral sport of **BURMA**.

The new **FIREFLAME** is a topnotch addition to the scarlet glads — a fine spikemaker with good color. Still leading this class are those great older varieties **RED WING**, **SANS SOUCI**, and **DIEPPE** — tops for both commercial and exhibition use. **ALBERT SCHWEITZER** looks capable of going all the way as a cut flower while **DAVID WARR** continues to be our best early variety.

The light pink glads continue to have some of the finest varieties in existence. Grand new ones are **TEMPTRESS**, a grand ruffled exhibition variety, **CORONATION**, a coming commercial with unexcelled color value, and **COUNTESS**, a tall stately variety that can open up to 10 at a time. Reliable cut flower varieties are giant sized **PINK PRIDE** and **C. D. FORTNAM** and tall majestic **PALL MALL** and **LOOK**.

Becoming very popular is **TARGET** with its florets of creamy pink and red — a good one for everybody to grow. Also we like the frilled and fluted florets of strikingly colored **RAG-TIME**, the huge **KING SIZE**, and the reliable spikes of **CONTRAST**. Fine cut flowers are **SHEHERAZADE** and **WINDEMERE**.

Gorgeous giant sized BOUDOIR is causing much comment with its ability to consistently produce topnotch spikes. Impressive also are the older varieties such as PALOMAR, a most reliable cut flower, FRIENDSHIP, the well known commercial, PAUL BUNYON, the husky giant of the deep pink varieties. Not to be left out is ruffled GEM STATE, the 300 size exhibition variety that can open up to 14 florets at once.

Among the light red glads REDCOAT impressed us with its precise formal spikes along with HILLTOPPER the dependable cut flower variety. Other noteworthy light red varieties are RED RADIANCE, the widely grown cut flower, RED TAPE with its ability to open 8-10 florets open on good spikes and of course ROYAL STEWART the All America award winner.

From Holland comes an outstanding new deep red, OSCAR, a coming commercial and exhibition variety. For exhibitions HARRISBURGER continues to be the leader while old timer RED CHARM the best cut flower. For clarity of color CHEER is unexcelled while RED FEATHER gives us 5' spikes with 8-10 huge florets open at once. UP TO DATE is a fine new addition with 5½' ramrod straight spikes holding 8-10 large florets open at once. We still like classy GARNET RUFFLES as the best 300 size deep red.

The black reds have a new addition in TOP HAT — perhaps the best exhibition variety in this group. Others are well known ACE OF SPADES with its triangular shaped florets and long flowerheads, NEGUS the reliable 300 sized show variety, BLACK PHANTOM, always reliable, and FESTIVAL, a tall strong grower.

Among our favorites are the many and distinctive rose colored varieties. Excellent new ones are GINA, with its perfect spikes in a purest shade of clear rose, AMBITION, a gorgeous rose and cream exhibition variety, GOOD MORNING, the husky CORONA type variety, and OPALESCENT, the white with an overlay of rose. TRAVELLER continues to give us perfect spikes in a gorgeous shade of color while INNOCENCE is a topnotch cut flower in a most delicate shade of rose.

The distinctive varieties of the medium rose class are again a beautiful sight. Fine additions to our list are GYPSY ROSE a well named combination of deep rose with a deeper throat, GAY PAREE, a good grower with a distinctive petal edging, WILLOW ROSE, the 300 size exhibition variety, and JOYOUS the great All America selection. Others we like are ROSE SPIRE, with its tall spirelike spikes, WILD ROSE, the reliable cut flower variety, BURMA ROSE, the softer rose sport of BURMA, and gayly colored ROSITA a grand cut flower variety. Grown in large quantities for our florists is ELMERS ROSE.

Coming up fast in the deep rose class is the grand spikemaker, DIRECTOR, in a rich shade of deep raspberry rose. Also popular are BRENDA which has large full spikes in a deep yet lively shade, AVENGER with its neat precise spikes, and LILA WALLACE the fine early cutter.

The lavender colored glads have many varieties of outstanding merit. Among these are the leader, PRINCESS, one of our favorite varieties; tall CAMPANILE, with its full spikes of clearest lavender; TYRONE, another tall easy cutter, and HEIRLOOM, a grand exhibition variety. Clear rosy toned MONONA is a taller version of HEIRLOOM while FRANCESCA continues to be the most beautiful of this color. Most unusual are PAISLEY with its half moon of white and PIRATE CHIEF with its bold color effect.

Leading the purple varieties for all uses is KING DAVID with its straight spikes and fluted florets, while rows of tall and husky THE RAJAH are cut in quantity for our florists. Others we like are lustrous PURPLE BURMA with its rich ruffles of true purple, consistent ROYAL SCOT, a fine commercial, KAREN, the purple and yellow novelty, and silver edged TIMES SQUARE, the first to bloom in this color.

The light blue class now has many fine varieties such as BLUE DIAMOND, a beautiful shade of clear light blue on tall formal spikes, BLUE GODDESS, a healthy strong grower and MAJOLICA, the gorgeous porcelain blue with a deep violet throat. VIOLET CHARM continues to be the leader on the show table and for cut flower growing as well. HIGH LIFE and VENUS are beautiful cut flower varieties while the spectacular spikes of PINNACLE always command attention.

The deepest color of the dark blues is had by THOMAS A. STONE, a fine new one from Holland. BLUE PETER continues to give us outstanding spikes with 10 open at once and tall SALMANS SENSATION continues to dwarf all others in this group. Also catching our attention are tricolored BLUE DEVIL and the unusual color of BLUE CONQUEROR.

The many and varied smoky varieties always attract the smoky fans and those who like the unusual. A fine new one is SMOKY SUNSET with its shades of violet gray and smoky red. On the show table our own TAN GLO is still unrivalled with its tall perfect spikes although we were much taken by the nice spikes and attractive color of BLUE SMOKE a fine new one. COPPER LUSTRE is most popular with its huge spikes on a brownish tone; MESA MIST has a smooth pearl gray color, PRUNELLA grows tall spikes in a rich plum rose color, and two toned PERSIAN RUG always attracts attention. These are just a few of the many fine smokys we list.

Among the varieties in the group known as any other color are BROWN LULLABY, the leading exhibition variety, PAPOEA in a brownish red color, copper colored CHEROKEE, huge grayish buff SALAMANCA, and the smooth BUCKEYE BRONZE.

Also of special note are the beautiful butterfly type varieties from Europe's leading hybridizer Konynenburg and Mark. These represent a new advance in medium sized gladiolus and are particularly useful in the home for smaller vases and arrangements. Among the best of these are ARES the yellow and red beauty, FEMINA a clear salmon pink with a scarlet throat bordered yellow, ATTICA, a soft rosy pink bordering a large yellow throat, MELODY, clear soft rose with yellow lip petals, QUEENS PAGE an attractive cream and red combination and ICE FOLLIES with nicely ruffled florets of white and cream.

From Plainfield, Vt.: —

Your beautiful glads certainly made a big hit with many friends and acquaintances of mine, and I enjoyed my glads tremendously this summer. They were so strong and husky and blossomed so generously. I really can't say enough for them. Thanks so much for the overcount. And the colors! Miss A. E. L.

From Iowa City, Iowa: —

Your bulbs look wonderful and I can't wait to plant them. Very much pleased with all the extras.

Mrs. C. A.

From Castine, Me.: —

I always questioned whether there really was a Santa Claus, but I know that there is one, who doesn't live at the North Pole, but in Longmeadow, Mass. I have no words for the beautiful bulbs, which you have given me. I know that were you less generous, you would make more money from your business, but you are richer by far, with the joy that comes from making others happy. Dr. A. M. N.

From So. Portland, Me.: —

The bulbs are superb and I am more than pleased. You surely have fine bulbs and "butter-fingers" when you count them, extras drop in! Mr. G. V. J.

From Milton, Wiscon.: —

Your bulbs came through in excellent condition — clean and healthy. Thanks for all the extras tucked in with the order. Mr. L. C. S.

Glacier

GLACIER

(Arenius '59) (400) 90

Seedling 3535

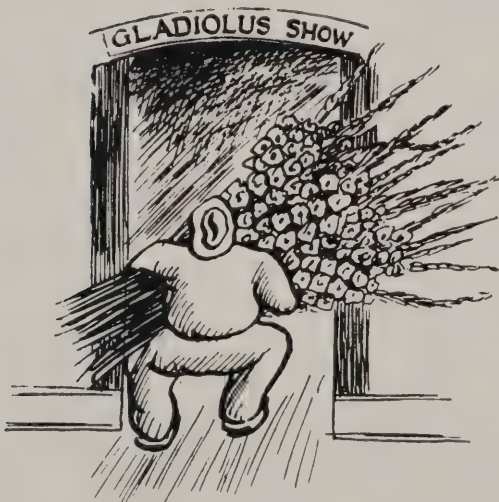

This tall stately ruffled white has been a favorite of ours since the first time we saw it as a seedling. The heavy textured cream throated $5\frac{1}{4}$ " florets have white stamens and a touch of cool green deep in the florets and are carried on straight 5' tall plants. About 7-9 florets open at a time although we have seen it with 11 open out of 24 buds. Placement is very good — in fact a misplaced floret is a rarity and the attachment of the florets is the very best.

One of the best features of Glacier is its ability to open and keep in water after being cut. Florists who have had it in their shops are unanimous in agreeing that it is just what they want in a white glad and ask for it all summer long. On the show table it has proven it can hold its own with the best and we believe it will have a great exhibition future.

A good stock of bulbs permits this low introductory price.

WINNEBAGO
CHIEF

WINNEBAGO CHIEF: The last word in reds, truly a red of distinction. Grows chin high to anyone — 60-72 inches with a 32 inch flower head and plenty of handle to balance. The Chief has up to 26 buds, 16 of them showing color at once. It will open up to 10 before the lower floret wilts. Winnie is quite early, coming in with **CONFESSION** (75 days) and making a grand combination. This gladiolus should be in the 500 class. A lively color and better than the standard **RED CHARM**. It has a small deeper tongue marking on the lower petal of a clear floret. I have been growing gladiolus for the past 25 years and this is one of the best that I have introduced so far. The Chief does not need water or fertilizer, it just grows. Watch for trial reports and winnings. It has won its spurs as a grand champion and the American Home Achievement Award. What is more it is priced right.

\$3.00 any size bulb

1 small — 15 bulblets

\$10.00 for the combination.

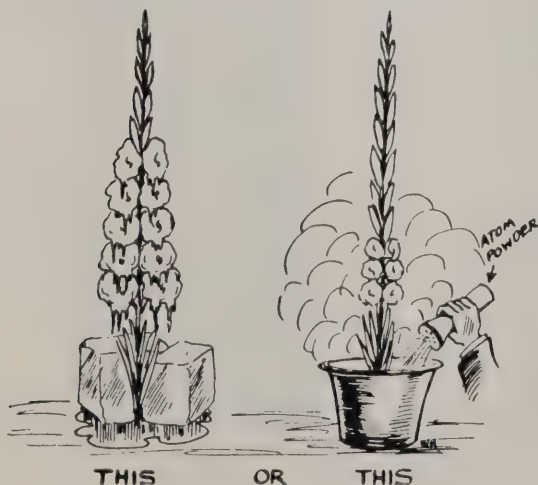

UNIT:

\$24.00 for 10 of any size.

\$50.00 for 100 bulblets plus blooming sizes (3).

\$100.00 for 10L, 10M, 10 small and 125 select bulblets.

Our satisfied N. Y. customers say: —

Your glads are beautiful. No one can persuade me to buy elsewhere. Friends can hardly believe I raise them myself.

I'm always happy with what you send and even happier when they bloom.

Mrs. B. F. C., Binghampton, N. Y.

Many thanks for the lovely high-crowned bulbs. Am sending you an order for more. It is always a pleasure to do business with you.

Mr. F. E. W., Clintonville, N. Y.

Your flowers are beautiful, admired by our friends and neighbors for their size and coloring.

Mr. L. M. S., Staatsburg, N. Y.

I would, and have recommended you over other places that grow and sell gladioli bulbs.

Mr. R. W. T., Duaneburg, N. Y.

Descriptive List

In order to give more space to the descriptions of the newer and less known varieties we have divided the general variety listing into two sections. The first section starting on this page contains the best of the proven exhibitions and commercial types, and are priced as follows:

RED TAPE (Butt '53) (550) 87

Fine medium red with a darker throat. About 4' tall with 7-8 5½" florets open out of 20 buds. Always one of our best red cut flowers.

RED WING (Wright '48) (436) 85

Clear bright scarlet with long stretchy spikes holding up to 9 lightly ruffled florets. Fine for exhibition or cut flower use.

REGINA (Palmer '53) (524) 80

Rich amber orange with a small red throat. Opens 5-7 heavy textured ruffled florets on tall willowy spikes. Does well under all conditions. One of our favorites.

ROSA VAN LIMA (Pfizer '40) (460) 70

Clear light rose pink cut flower. A reliable first early in a most popular color. A long time favorite.

ROSE CHARM (Fischer '48) (360) 65

Beautiful medium rose with a cream throat. Tall slender easy cutting spikes with up to 8 open at once. Always in demand. Very early.

ROSITA (Woods '52) (563) 85

Wonderful soft rose with a deeper throat. A whitish edging around the petals. Up to 10 ruffled 6" florets on 5' spikes. A great one for all uses.

ROYAL SCOT (Taylor '52) (470) 80

Distinctive shade of rosy purple unlike any other in color. One of the most dependable spike producers. 8-10 open at once. Well worth growing.

ROXANA (Tarrant '54) (400) 90

Beautiful white enhanced by a greenish cream throat. Opens 8-10 gorgeously ruffled florets at once. Good growth.

RUFFLED DREAM (Fischer '55) (440) 85

Exquisitely ruffled soft pastel pink. 7-10 5" open on formal 4½' spikes. Some misplacement fails to detract from its beauty and all round usefulness.

SALAMANCA (Stubbs '51) (590) 85

Attractive grayish buff smoky with a rosy throat feather. Tall and husky with 7-8 6" florets open out of 18-20 buds. Popular with the smoky fans.

SALMANS SENSATION

(Salman '53) (578) 90

Huge medium deep blue. 6-7 6" florets open at once on spikes that can reach 6' in height. Tops for exhibition and the home garden.

SANS SOUCI (K&M '51) (436) 85

Popular clear scarlet red. A tall healthy grower with 6-8 5¼" florets open at once. A widely grown cut flower. Very fine

SHEHERAZADE (K&M '51) (541) 75

One of our best early varieties. Creamy pink with a bold red throat. 7-8 5½" florets open on sturdy 4½' spikes. Always does well.

SHOT (Salman) (401) 85

One that hits you right in the eye. Pure white with a very large bold blood red throat. 6-8 5" florets open on 4' spikes. Try this for something different.

SIERRA SNOW (Harris '51) (400) 80

Marvelous tall white with a tawny cream throat. Opens up to 10 lightly ruffled 5½" florets open on long flowerheads. One everybody should grow.

SILVER PHANTOM (Butt '53) (400) 85

Snow white sport of Phantom Beauty. 7-9 5" florets open in formal placement on 4½' spikes. Believe this is one of best for all uses and should become widely grown.

SNOW CLAD (Harris '53) (500) 90

Very tall and vigorous white. Opens 8-11 plain petalled 6" florets on 5½' spikes. A late one that is in bloom when other whites are gone by.

SNOWDRIFT (Fischer '54) (500) 75

Heavily ruffled crisp pure white. Opens up to 10 on 4' spikes. Capable of winning grand championships but needs extra good culture to do so.

SPARKLING EYES (Jack '53) (401) 85

Sparkling snow white with a violet blue throat. Tall slender spikes hold 6-8 5" florets in a long ribbon of bloom. A grand variety for everyone.

SPIC & SPAN (Carlson '46) (444) 80

Todays leading cut flower and exhibition variety. A tall ruffled pink with 8-10 5" florets open out of 22-24 buds. Grown by the millions for every purpose.

STARFIRE (Pruitt '54) (433) 85

Spectacular salmon with a bright red blotch on a rich cream throat. 6-9 large florets open at once on husky 4' spikes. Always a big seller.

THE RAJAH (Jack '51) (570) 88

Heavily ruffled velvety purple. Spikes reach 5½' in height with 7-10 6" florets open at once. A good grower from all size bulbs. Our best purple.

THUNDERBOLT (Pierce '53) (454) 87

Lustrous ruffled dark maroon. Long flowerheads hold 7-9 5" florets open at one time. Strong grower.

TIMES SQUARE (Butt '54) (570) 70

Very early reddish purple with a lighter edging. Large and tall spikes have 6-8 ruffled florets open on graceful 4½' plants. A fine first early in a needed color.

TRAVELLER (Torrie-Flad '52) (460) 90

Glowing pastel rose pink with a small rose throat. A wonderful variety holding 10-12 5" florets open in formal placement on 4' spikes. One of our favorites in every respect.

TUNIAS ELITE (Both '47) (590) 80

Huge bronzy orange with a bright red throat. A tall vigorous grower with 6-7 6" florets open at once.

TUNIAS MOHAMED

(Both '43) (586) 80

Smooth plum rose with a small scarlet throat. 7-9 6" florets on 4½' spikes. Always sells out early.

TYRONE (Deam '52) (466) 80

Tall orchid lavender with a small white throat. An easy grower with nice formal spikes holding 6-8 recurved and pointed florets. A fine exhibition variety and one of our best cut flowers.

UNCLE TOM (Salman '49) (454) 90

Unusual shade of dark purplish maroon. 7-8 large round florets open on sturdy 4½' spikes. Healthy strong growth.

VALERIA (Pruitt '38) (436) 80

Widely grown scarlet cut flower. An early variety with heavy 4½' spikes opening 6-8 ruffled 5" florets at once.

VIOLET CHARM (Jack '53) (476) 85

Clear light violet with a deeper feathering on a cream throat. Grows superb exhibition spikes holding 8-10 5" florets open on 5' spikes. The leader of its class for all uses.

VOODOO (Kadel '44) (486) 85

Bizarre bronzy plum smoky. Waved and needlepointed florets give a most unusual effect. Tall waxy spikes hold 6-8 florets open at once.

WEDGWOOD (Fischer '47) (366) 70

Clear bluish lavender with a creamy throat. 6-7 crisp ruffled 4" florets open on a graceful 4' spike. One of the most beautiful of all varieties.

WHITE SAILS (Arenius '54) (401) 85

Crisp heavy textured and ruffled pure white with distinctive fuschia throat spears. A grand exhibition and cut flower variety with 9-12 5" florets open in formal placement on 20-24 bud flowerheads. A favorite of our florists and a winner of many championships.

WHITE TOWER (Lins '51) (501) 75

Pure snow white with a small red throat. 6-8 plain petalled and recurved florets open on straight 4' spikes. One of the best.

WILD ROSE (Fischer '55) (462) 80

Sparkling clear rose with a snow white throat. 7-8 well placed florets open on straight tall spikes. A great cut flower and a must for the home garden.

WONDER BOY (Tyndall '52) (570) 85

Unique deep purple with deeper flecking. 6-9 well placed florets open on 4' spikes. Excellent grower.

YELLOW HERALD (K&M '47) (415) 80

First early light yellow cut flower. 6-8 5" florets open out of 18 buds on 4½' spikes. A reliable and valuable early variety.

Concerning our collections: —

The collection I bought from you last year gave me the loveliest glads I've ever had!

We have enjoyed the glads from your collections very much these last few years. Last year's were so large and beautiful I decided to take some to church for the altar and heard many nice remarks about the beautiful colors and size of the blooms.

Have had such wonderful luck with your RAINBOW COLLECTION so am ordering another this year and an extra one as a gift for a friend.

From Jacksonville, Fla.: —

We have just moved here to Florida. We enjoyed your bulbs last year in N. J. and believe that our garden sold the house. Mr. & Mrs. J. P. C.

From Barboursville, Ky.:

Germination and growth of bulblets from you were wonderful. What else could one ask! Generous in quantity too. Mr. O. V. J.

From Thomaston, Me.:

Last year was the best "glad" year I have had, thanks to your beautiful bulbs. Do you know that you sent me more than twice the number I ordered? I wonder how you stay in business, but it is certainly nice for your customers. Mrs. H. W.

From Charlestown, W. Va.:

I had TAN-GLO, my favorite, and COPPER LUSTRE at the same time and it left me "goose pimply" to see the two in a vase on a brass topped table. Mrs. M. H. F.

From satisfied Mass. customers: —

You are #1 in my ordering — has been that way for 20 some odd years that I have been buying from you. Your bulbs are just the best I ever get — nice young bulbs, and the count and extras are more than anyone can expect.

Mr. H. G. W., Brockton, Mass.

This is my second year of ordering from you — bulbs are of the best. Getting words of praise and admiration from my friends and neighbors.

Mr. L. G., Willimansett, Mass.

It has been my experience that fellows selling glads are a pretty generous and liberal gang when it comes to filling orders, and I have come to accept as customary the extras, overcount, etc. Nevertheless, I have never got over being amazed at the orders I got from you — and this year's order was no exception. I want to thank you herewith for your exceeding generosity in the matter of overcount and extra bulbs. Everybody ought to buy their glads from ARENIUS, and anybody I have influence with, will. And if that looks like piling it on with a shovel, I can't help it — I mean every word of it.

Mr. W. D. L., Cochituate, Mass.

Join a Gladiolus Society

There are gladiolus societies in nearly all localities of the country composed of glad fans of all degrees—from the backyard gardener with a few bulbs to the commercial grower with many acres. With them you may receive the benefit of their publications with most up-to-date information of all kinds pertaining to gladiolus, good fellowship at their shows and meetings (who else can fully appreciate that 8" bloom in your garden?), and a chance to test your growing skill at the many gladiolus shows.

Our leading national society is the North American Gladiolus Council — Dues are only \$2.00 per year and entitle you to receive the N. A. G. C. Bulletin; an outstanding publication of all information pertaining to gladiolus — Membership secretary — Henry S. Sentman, 820 Ontario Street, Havre de Grace, Md.

Of national scope is the New England Gladiolus Society with its fine publications — a yearbook plus 4 quarterly magazines. Membership \$3.00 per year. Write to New England Gladiolus Society, Inc., Horticultural Hall, Boston, Mass.

Show fan reports: —

Last year I purchased bulbs from four different growers including you. I was so well pieased with yours that all of my purchases this year are from you. Every glad I entered at the County Fair from you took a Blue Ribbon!
Mr. A. L. G., Gloversville, N. Y.

The bulbs of NEGUS and ARES from you last spring were outstanding. NEGUS was Section Champion at Hershey, Penn. along with Grand Champion TAN-GLO and Reserve Champ WHITE SAILS made a very impressive showing for ARENIUS glads.
Mr. J. H. C., Corning, N. Y.

The bulbs from you were "tops." We won a blue ribbon with PALOMAR, a gorgeous spike with 10 open florets.
Mrs. C. D.

FLORENCE NIGHTINGALE

From Westboro, Mass.: —

Every year I have so many compliments on my glad garden. People have never seen such beautiful and unusual colors and combinations of colors as your glads. Mrs. H. P. J.

From Union City, Pa.: —

I have had glads from you for years and always good ones.

Mrs. L. S. D.

Reports from happy exhibitors: —

Last year I won a "first" with your gladiola at a local flower show and was really thrilled.

Mrs. R. D. S., Broomall, Penn.

Have had excellent results on the show tables with your bulbs. Many thanks for your very generous treatment. Mr. A. T. R., Worcester, Mass.

With your bulbs last year we took first prize for best 10 named at Hopkinton Fair and first for miniatures at Keene Fair. Mr. W. K., Hancock, N. H.

Your bulbs helped me to win sweepstakes last summer at Missouri State Fair. Your PAINTED LADY won Reserve Champ at Lincoln, Nebr. where summer before WHITE SAILS won the Championship.

Mr. M. G., Kansas City, Mo.
